SaveFloodPark (a community group) has organized a community meeting regarding the following and has invited the City Council to attend.

Purpose for the meeting: Flood Park is currently closed. County Supervisors will vote in late June on a recent staff recommendation to keep Flood Park closed indefinitely as part of the County's budget cutting measures.

However, the County is currently in talks with the City of Menlo Park regarding the possible transfer of the park to the city. The purpose of the community meeting is to show city officials that Flood Park's neighbors are ready to cooperate and assist them in creating a plan to reopen the park when the water pipeline project is completed in September.

The public is invited to attend this community meeting.

\*This meeting may constitute a Special Meeting of the Menlo Park City Council and/or individual City of Menlo Park Commission, if a majority of Council Members attend the community meeting and/or a majority of a Commission attends the community meeting. The purpose of the Council Members' and Commissioners attendance is to hear from the community. The Council Members and/or Commissioners will not take any action, make any decisions or engage in any deliberations as the Council/Commission at this meeting. This notice is provided in accordance with the Brown Act in the event that a majority of Council Members and/or a majority of a Commission are in attendance.
