**Traffic and train schedule impacts of Caltrain electrification
and the blended system with High Speed Rail**

New studies published by Caltrain show:

- potential traffic and grade crossing impacts of Caltrain electrification (and suggests potential grade separation consequences)
- the pros and cons of the passing track options that Caltrain and HSR are considering for the blended system
- the schedule consequences of Caltrain electrification and high speed rail in a blended system

Come learn and ask questions about Caltrain's forecasts, discuss the changes that are coming to the region and how our communities can prepare.

Presenters:

- Marian Lee, Executive Officer, Caltrain Modernization Forum
- Caltrain Technical Staff

May 29, 7:15-9pm

Arrillaga Family Recreation Center Oak Room

700 Alma Street, Menlo Park (Near Menlo Park Caltrain)

*This meeting may constitute a Special Meeting of the Menlo Park City Council and/or a City Commission if a majority of Council Members and/or Commissioners attend the meeting. The purpose of the Council Members' and Commissioners attendance is to hear from the Friends of Caltrain. The Council Members and Commissioners will not take any action, make any decisions or engage in any deliberations as the Council or Commission at this meeting. This notice is provided in accordance with the Brown Act in the event that a majority of Council Members or Commissions are in attendance.
