PLAYGROUND EQUIPMENT UPDATE

Parks and Recreation Commission, July 24, 2024

PARK PLAYGROUNDS

The goal within the Parks and Recreation facility master plan is to have “an integrated, equitable, and inclusive park and recreation system that serves the community as a whole, which is connected and accessible.”

Park playgrounds are integral components of a comprehensive park and recreation system, promoting physical, social, and cognitive development while fostering community engagement and inclusivity.

It is vital that the playgrounds within the City of Menlo Park meet these goals and support the well-being of the community as a whole and are maintained so that they continue to be inviting and safe.

STAFF REPORT

City Council

Meeting Date:

7/24/2024

Staff Report Number:

PRC-2024-023

Study Session:

Prepare a report-out to the City Council on the Parks and Recreation Commission work plan for 2023-24

Recommendation

City staff recommends that the Parks and Recreation Commission (PRC) review and prepare a report-out to the City Council on the PRC's work plan for the past year 2023-24 ([Attachment A](#)). The PRC chairperson is tentatively scheduled to present the report-out to City Council on Sep. 10.

Policy Issues

City Council Policy CC-23-004 ([Attachment B](#)) sets the procedures, roles, and responsibilities of Council-appointed advisory bodies, including the Park and Recreation Commission. The policy requires that each advisory body develop an annual work plan, which will be the foundation for the work performed by the advisory body in support of City Council's annual work plan. The plan, once finalized by a majority of the advisory body, will be formally presented to the City Council for direction and approval no later than Sept. 30 of each year and then reported out on by a representative of the advisory body at a regularly scheduled City Council meeting at least annually, but recommended twice a year.

Background

On July 26, 2023, the PRC created a subcommittee of Commissioner Theriault, Vice Chair Brosnan, and Chair Bunyagidj to update the PRC's work plan ([Attachment C](#)).

On Sept. 27, 2023, the PRC recommended their work plan ([Attachment D](#)).

On Oct. 10, 2023, City Council approved the PRC work plan ([Attachment E](#)).

The PRC is tentatively scheduled to report-out to the City Council on progress toward the PRC's 2023-24 work plan on Sept. 10; and is tentatively scheduled to submit the PRC's recommended 2024-25 work plan to the City Council for approval on Sep. 24.

Analysis

The Parks and Recreation Commission's current work plan for 2023-24 includes seven goals ([Attachment A](#)). The goals include providing a forum for public information and discussion about City parks and recreation; supporting and advising the preparations to open the Belle Haven Community Campus; and facilitating the goals in the Parks and Recreation Facilities Master Plan (PRFMP). Other goals include receiving presentations about parks and recreation programs; advising the library and community services departmental strategic plan; reviewing the departmental budget proposal to the City Council; and advising

on potential synergies with other City departments.

What follows is a summary listing of topics the PRC reviewed, advised, and/or recommended during the past year 2023-24:

- Updated PRC work plan for 2023-24
- Select new commission chair and vice-chair
- Departmental policy updates:
 - Recreation scholarship policy
 - Event sponsorship policy
- Programming and policies for the new multigenerational facility at 100 Terminal Ave.
- Recommend a focused addendum to the PRFMP to include pickleball
- Recommend (jointly with the Library Commission) naming for the new multigenerational facility at 100 Terminal Ave.
- Recommend the Library and Community Services Department strategic plan 2024-26
- Support and advise the Youth Advisory Committee.

In addition to the above topics, the PRC provided a monthly forum for public transparency and input related to parks and recreation services in Menlo Park; reviewed public suggestion box comments and responses; received departmental updates; advised on recreation program statistics; and received staff presentations about recreation programs and services.

Impact on City Resources

As an advisory body to the City Council, the PRC does not authorize resource allocations. City budget authorizations are the sole purview of the City Council. There is no substantive impact to the City's general fund related to the topics in this report.

Environmental Review

This report is not a project within the meaning of the California Environmental Quality Act (CEQA) Guidelines §§ 15378 and 15061(b)(3) as it will not result in any direct or indirect physical change in the environment.

Public Notice

Public notification was achieved by posting the agenda, with the agenda items being listed, at least 72 hours prior to the meeting.

Parks and Recreation Commission work plan

Library and Community Services Department

800 Alma Street, Menlo Park CA 94025

Approved October 10, 2023

Work plan goals

1. As an advisory body to the City Council and a forum for public information about park and recreation issues, encourage and facilitate robust public comment and participation at Commission meetings.
 - Foster a public meeting environment that is inclusive of all members of the diverse Menlo Park community.
 - Focus on resident input and grow relationships with residents throughout the City of Menlo Park.
2. Support and advise the development and launch of the Menlo Park Community Campus (MPCC), including but not limited to topics such as recreational programming, service integration, and policies within the shared space environment in the new facility, as directed by City Council.
 - Review programs and services with a focus on the provision of high-quality programs and services for all Menlo Park residents.
 - Ensure that the programs and services offered at the MPCC contribute to satisfying the needs of the neighborhood it serves, and be integrated into a system that is accessible to residents of all ages and abilities throughout the City.
3. Facilitate the goals laid out in the 2019 Parks and Recreation Facility Master Plan (PRFMP).
 - Review emerging recreational trends for possible inclusion in future PRFMP addendums.
4. Advise on the maintenance and upgrade of recreational facilities. Advise on the modification of existing programs and facilities to meet community needs. When reviewing Library and Community Services projects, prioritize accessibility, safety, and sustainability.
 - Review upgrades and modifications made to Willow Oaks Park.
 - Review upgrades and modifications made to Burgess Park play structures.
5. Periodically receive staff presentations and reports about major service areas and programs. Maintain a 12-month schedule of planned Commission agenda items; update and post for public review monthly.
6. Review and advise on updates to the department strategic plan and advise on any strategic plan updates made after the opening of the MPCC.
7. Annually review departmental budget proposal before presentation to City Council, focusing on any potential impacts to recreation facilities and services. Review and advise on potential synergies with or support from other City departments.

COMMISSIONS/COMMITTEES POLICIES AND PROCEDURES, ROLES AND RESPONSIBILITIES

City Council Policy #CC-23-004
 Adopted June 27, 2023
 Resolution No. 6840

Purpose
To define policies and procedures and roles and responsibilities for Menlo Park appointed commissions and committees.
Authority
Upon its original adoption, this policy replaced the document known as “Organization of Advisory Commissions of the City of Menlo Park.”
Background
<p>The City of Menlo Park currently has seven active Commissions. The active advisory bodies are: Complete Streets Commission, Environmental Quality Commission, Finance and Audit Commission, Housing Commission, Library Commission, Parks and Recreation Commission, and Planning Commission. Those not specified in the City Code are established by City Council ordinance or resolution. Most of these advisory bodies are established in accordance with Resolution No. 2801 and its amendments. Within specific areas of responsibility, each advisory body has a primary role of advising the City Council on policy matters or reviewing specific issues and carrying out assignments as directed by the City Council or prescribed by law.</p> <p>Six of the seven commissions listed above are advisory in nature. The Planning Commission is both advisory and regulatory and organized according to the City Code (Ch. 2.12) and State statute (Government Code §65100 et seq., §65300-65401).</p> <p>The City has an adopted Anti-Harassment and Non-Discrimination Policy (CC-21-0022), and a Travel, Meal, and Lodging Policy (CC-19-002), which are also applicable to all advisory bodies.</p>
Policies and Procedures
<p><u>Relationship to City Council, staff and media</u></p> <ul style="list-style-type: none"> • Upon referral by the City Council, the commission/committee shall study referred matters and return their recommendations and advise to the City Council. With each such referral, the City Council may authorize the City staff to provide certain designated services to aid in the study. • Upon its own initiative, the commission/committee shall identify and raise issues to the City Council’s attention and from time to time explore pertinent matters and make recommendations to the City Council. • At a request of a member of the public, the commission/committee may consider appeals from City actions or inactions in pertinent areas and, if deemed appropriate, report and make recommendations to the City Council. • Each commission/committee is required to develop an annual work plan which will be the foundation for the work performed by the advisory body in support of City Council annual work plan. The plan, once finalized by a majority of the commission/committee, will be formally presented to the City Council for direction and approval no later than September 30 of each year and then reported out on by a representative of the advisory body at a regularly scheduled City Council meeting at least annually, but recommended twice a year. The proposed work plan must align with the City Council’s adopted work plan. When modified, the work plan must be taken to the City Council for approval. The Planning Commission is exempt from this requirement as its functions are governed by the Menlo Park municipal code (Chapter 2.12) and State law (Government Code §65100 et seq, §65300-65401). • Commissions and committees shall not become involved in the administrative or operational matters of City departments. Members may not direct staff to initiate major programs, conduct large studies or establish department policy. City staff assigned to furnish staff services shall be available to provide general staff assistance, such as preparation of agenda/notice materials and minutes, general review of department programs and activities, and to perform limited studies, program reviews, and other services of a general staff nature. Commissions/Committees may not establish department work programs or determine department program priorities. The responsibility for setting policy and allocating scarce City resources rests with the City’s duly elected representatives, the City Council. • Additional or other staff support may be provided upon a formal request to the City Council. • The staff liaison shall act as the commission/committee’s lead representative to the media concerning matters before the commission/committee. Commission/Committee members should refer all media inquiries to their respective liaisons for response. Personal opinions and comments may be expressed so long as the commission/committee member clarifies that their statements do not represent the position of the City Council. • Commission/Committee members will have mandatory training every two years regarding the Brown Act and

Resolution No. 6840

parliamentary procedures, anti-harassment training, ethics training, and other training required by the City Council or State Law. The commission/committee members may have the opportunity for additional training, such as training for chair and vice chair. Failure to comply with the mandatory training will be reported to the City Council and may result in replacement of the member by the City Council.

- Requests from commission/committee member(s) determined by the staff liaison to take one hour or more of staff time to complete, must be directed by the City Council.

Role of City Council commission/committee liaison

City Councilmembers are assigned to serve in a liaison capacity with one or more city commission/committee. The purpose of the liaison assignment is to facilitate communication between the City Council and the advisory body. The liaison also helps to increase the City Council's familiarity with the membership, programs and issues of the advisory body. In fulfilling their liaison assignment, City Councilmembers may elect to attend commission/committee meetings periodically to observe the activities of the advisory body or simply maintain communication with the commission/committee chair on a regular basis.

City Councilmembers should be sensitive to the fact that they are not participating members of the commission/committee, but are there rather to create a linkage between the City Council and commission/committee. In interacting with commissions/committee, City Councilmembers are to reflect the views of the City Council as a body. Being a commission/committee liaison bestows no special right with respect to commission/committee business.

Typically, assignments to commission/committee liaison positions are made at the beginning of a City Council term in December. The Mayor will ask City Councilmembers which liaison assignments they desire and will submit recommendations to the full City Council regarding the various committees, boards, and commissions which City Councilmembers will represent as a liaison. In the rare instance where more than one City Councilmember wishes to be the appointed liaison to a particular commission, a vote of the City Council will be taken to confirm appointments.

City Staff Liaison

The City has designated staff to act as a liaison between the commission/committee and the City Council. The City shall provide staff services to the commission/committee which will include:

- Developing a rapport with the Chair and commission/committee members
- Providing a schedule of meetings to the city clerk's office and commission/committee members, arranging meeting locations, maintaining the minutes and other public records of the meeting, and preparing and distributing appropriate information related to the meeting agenda.
- Advising the commission/committee on directions and priorities of the City Council.
- Informing the commission/committee of events, activities, policies, programs, etc. occurring within the scope of the commission/committee's function.
- Ensuring the city clerk is informed of all vacancies, expired terms, changes in offices, or any other changes to the commission/committee.
- Providing information to the appropriate appointed official including reports, actions, and recommendations of the committee/commission and notifying them of noncompliance by the commission/committee or chair with City policies.
- Ensuring that agenda items approved by the commission/committee are brought forth in a timely manner taking into consideration staff capacity, City Council priorities, the commission/committee work plan, and other practical matters such as the expense to conduct research or prepare studies, provided appropriate public notification, and otherwise properly prepare the item for commission/committee consideration.
- Take action minutes; upon agreement of the commission, this task may be performed by one of the members (staff is still responsible for the accuracy and formatting of the minutes)
- Maintain a minute book with signed minutes

Recommendations, requests and reports

As needed, near the beginning of City Council meetings, there will be an item called "Advisory Body Reports." At this time, commissions/committees may present recommendations or status reports and may request direction and support from the City Council. Such requests shall be communicated to the staff liaison in advance, including any written materials, so that they may be listed on the agenda and distributed with the agenda packet. The materials being

COMMISSIONS/COMMITTEES POLICIES AND PROCEDURES, ROLES AND RESPONSIBILITIES

Resolution No. 6840

provided to the City Council must be approved by a majority of the commission/committee at a commission/committee meeting before submittal to the City Council. The City Council will receive such reports and recommendations and, after suitable study and discussion, respond or give direction.

City Council referrals

The city clerk shall transmit to the designated staff liaison all referrals and requests from the City Council for advice and recommendations. The commissions/committees shall expeditiously consider and act on all referrals and requests made by the City Council and shall submit reports and recommendations to the City Council on these assignments.

Public appearance of commission/committee members

When a commission/committee member appears in a non-official, non-representative capacity before the public, for example, at a City Council meeting, the member shall indicate that they are speaking only as an individual. This also applies when interacting with the media and on social media. If the commission/committee member appears as the representative of an applicant or a member of the public, the Political Reform Act may govern this appearance. In addition, in certain circumstances, due process considerations might apply to make a commission/committee member's appearance inappropriate. Conversely, when a member who is present at a City Council meeting is asked to address the City Council on a matter, the member should represent the viewpoint of the particular commission/committee as a whole (not a personal opinion).

Disbanding of advisory body

Upon recommendation by the Chair or appropriate staff, any standing or special advisory body, established by the City Council and whose members were appointed by the City Council, may be declared disbanded due to lack of business, by majority vote of the City Council.

Meetings and officers

1. *Agendas/notices/minutes*

- All meetings shall be open and public and shall conduct business through published agendas, public notices and minutes and follow all of the Brown Act provisions governing public meetings. Special, canceled and adjourned meetings may be called when needed, subject to the Brown Act provisions.
- Support staff for each commission/committee shall be responsible for properly noticing and posting all regular, special, canceled and adjourned meetings. Copies of all meeting agendas, notices and minutes shall be provided to the City Council, city manager, city attorney, city clerk and other appropriate staff, as requested.
- Original agendas and minutes shall be filed and maintained by support staff in accordance with the City's adopted records retention schedule.
- The official record of the commissions/committees will be preserved by preparation of action minutes.

2. *Conduct and parliamentary procedures*

- Unless otherwise specified by State law or City regulations, conduct of all meetings shall generally follow Robert's Rules of Order.
- A majority of commission/committee members shall constitute a quorum and a quorum must be seated before official action is taken.
- The chair of each commission/committee shall preside at all meetings and the vice chair shall assume the duties of the chair when the chair is absent.
- The role of the commission/committee chair (according to Roberts Rules of Order): To open the session at the time at which the assembly is to meet, by taking the chair and calling the members to order; to announce the business before the assembly in the order in which it is to be acted upon; to recognize members entitled to the floor; to state and put to vote all questions which are regularly moved, or necessarily arise in the course of the proceedings, and to announce the result of the vote; to protect the assembly from annoyance from evidently frivolous or dilatory motions by refusing to recognize them; to assist in the expediting of business in every compatible with the rights of the members, as by allowing brief remarks when undebatable motions are pending, if they think it advisable; to restrain the members when engaged in debate, within the rules of order, to enforce on all occasions the observance of order and decorum among the members, deciding all questions of order (subject to an appeal to the assembly by any two members) unless when in doubt he prefers to submit the question for the decision of the assembly; to inform the assembly when necessary, or when referred to for the purpose, on a point of order to practice pertinent to pending business; to authenticate by their signature, when necessary, all the acts, orders, and proceedings of the assembly declaring it will and in all things obeying its commands.

COMMISSIONS/COMMITTEES POLICIES AND PROCEDURES, ROLES AND RESPONSIBILITIES

City Council Policy #CC-23-004

Adopted June 27, 2023

Resolution No. 6840

3. *Lack of a quorum*

- When a lack of a quorum exists at the start time of a meeting, those present will wait 15 minutes for additional members to arrive. If after 15 minutes a quorum is still not present, the meeting will be adjourned by the staff liaison due to lack of a quorum. Once the meeting is adjourned it cannot be reconvened.
- The public is not allowed to address those commissioners present during the 15 minutes the commission/committee is waiting for additional members to arrive.
- Staff can make announcements to the members during this time but must follow up with an email to all members of the body conveying the same information.
- All other items shall not be discussed with the members present as it is best to make the report when there is a quorum present.

4. *Meeting locations and dates*

- Meetings shall be held in designated City facilities, as noticed.
- All commissions/committees with the exception of the Planning Commission, and Finance and Audit Commission shall conduct regular meetings once a month. Special meetings may also be scheduled as required by the commission/committee. The Planning Commission shall hold regular meetings twice a month and the Finance and Audit Commission shall hold quarterly meetings.
- Monthly regular meetings shall have a fixed date and time established by the commission/committee. Changes to the established regular dates and times are subject to the approval of the City Council. An exception to this rule would include any changes necessitated to fill a temporary need in order for the commission/committee to conduct its meeting in a most efficient and effective way as long as proper and adequate notification is provided to the City Council and made available to the public.

The schedule of Commission meetings is as follows:

- Complete Streets Commission – Every second Wednesday at 6:30 p.m.
- Environmental Quality Commission – Every third Wednesday at 6 p.m.
- Finance and Audit Commission – Third Thursday of every quarter at 5:30 p.m.,
- Housing Commission – Every first Wednesday at 6:30 p.m.
- Library Commission – Every third Monday at 6:30 p.m.
- Parks and Recreation Commission – Every fourth Wednesday at 6:30 p.m.
- Planning Commission – Twice a month on a Monday at 7 p.m.

Each commission/committee may establish other operational policies subject to the approval of the City Council. Any changes to the established policies and procedures shall be subject to the approval of the City Council.

5. *Off-premises meeting participation*

While technology allows commission/committee members to participate in meetings from a location other than the meeting location (referred to as “off-premises”), off-premises participation is discouraged given the logistics required to ensure compliance with the Brown Act and experience with technological failures disrupting the meeting. In the event that a commission/committee member believes that their participation is essential to a meeting, the following shall apply:

- Any commission/committee member intending to participate from an off-premise location shall inform the staff liaison at least two weeks in advance of the meeting.
- The off-premise location must be identified in the notice and agenda of the meeting.
- Agendas must be posted at the off-premise location.
- The off-premise location must be accessible to the public and be ADA compliant.
- The commission/committee member participating at a duly noticed off-premises location does not count toward the quorum necessary to convene a meeting of the commission/committee.
- For any one meeting, no more than one commission/committee member may participate from an off-premise location.
- All votes must be by roll call.

6. *Selection of chair and vice chair*

- The chair and vice chair shall be selected in May of each year by a majority of the members and shall serve for one year or until their successors are selected.
- Each commission/committee shall annually rotate its chair and vice chair.

G. Memberships

Appointments/Oaths

- The City Council is the appointing body for all commissions/committees. All members serve at the pleasure of the City Council for designated terms.
- All appointments and reappointments shall be made at a regularly scheduled City Council meeting, and require an affirmative vote of not less than a majority of the City Council present.
- Before taking office, all members must complete an Oath of Allegiance required by Article XX, §3, of the Constitution of the State of California. All oaths are administered by the city clerk or their designee.
- Appointments made during the middle of the term are for the unexpired portion of that term.

Application and selection process

- The application process begins when a vacancy occurs due to term expiration, resignation, removal or death of a member.
- The application period will normally run for a period of four weeks from the date the vacancy occurs. If there is more than one concurrent vacancy in a Commission, the application period may be extended. Applications are available from the city clerk's office and on the City's website.
- The city clerk shall notify members whose terms are about to expire whether or not they would be eligible for reappointment. If reappointment is sought, an updated application will be required.
- Applicants are required to complete and return the application form for each commission/committee they desire to serve on, along with any additional information they would like to transmit, by the established deadline. Applications sent by email are accepted.
- After the deadline of receipt of applications, the city clerk shall schedule the matter at the next available regular City Council meeting. All applications received will be submitted and made a part of the City Council agenda packet for their review and consideration. If there are no applications received by the deadline, the city clerk will extend the application period for an indefinite period of time until sufficient applications are received.
- Upon review of the applications received, the City Council reserves the right to schedule or waive interviews, or to extend the application process in the event insufficient applications are received. In either case, the city clerk will provide notification to the applicants of the decision of the City Council.
- If an interview is requested, the date and time will be designated by the City Council. Interviews are open to the public.
- The selection/appointment process by the City Council shall be conducted at a City Council meeting. The city clerk will ask each City Councilmember for their nominations; the number of nominations is limited to the number of vacancies. The candidate that receives a majority of nominations will be appointed. If there is a tie, multiple rounds of voting will occur.
- Following a City Council appointment, the city clerk shall notify successful and unsuccessful applicants accordingly, in writing. Appointees will receive copies of the City's Non-Discrimination and Sexual Harassment policies, and disclosure statements for those members who are required to file under State law as designated in the City's Conflict of Interest Code. Copies of the notification will also be distributed to support staff and the commission/committee chair.
- An orientation will be scheduled by the city clerk following an appointment (but before taking office) and a copy of this policy document will be provided at that time.

Attendance

- A compilation of attendance will be submitted to the City Council at least annually listing absences for all commissions/committee members.
- Absences, which result in attendance at less than two-thirds of their meetings during the calendar year, will be reported to the City Council and may result in replacement of the member by the City Council.
- Any member who feels that unique circumstances have led to numerous absences can appeal directly to the City Council for a waiver of this policy or to obtain a leave of absence.
- While it is expected that members be present at all meetings, the chair and staff liaison should be notified if a member knows in advance that they will be absent.
- When reviewing commissioners for reappointment, overall attendance at full commission meetings will be given significant consideration.

Resolution No. 6840

Compensation

- Members shall serve without compensation (unless specifically provided) for their services, provided, however, members shall receive reimbursement for necessary travel expenses and other expenses incurred on official duty when such expenditures have been authorized by the City Council (See Policy CC-19-002).

Conflict of interest and disclosure requirements

- A Conflict of Interest Code has been updated and adopted by the City pursuant to Government Code §87300 et seq. Copies of the conflict of interest code are filed with the city clerk. Pursuant to the adopted Conflict of Interest Code, members serving on the Complete Streets Commission, Housing Commission, and Planning Commission are required to file a Statement of Economic Interest with the city clerk to disclose personal interest in investments, real property and income. This is done within 30 days of appointment and annually thereafter. A statement is also required within 30 days after leaving office.
- If a public official has a conflict of interest, the Political Reform Act may require the official to disqualify themselves from making or participating in a governmental decision, or using their official position to influence a governmental decision. Questions in this regard may be directed to the city attorney.

Qualifications, compositions, number

- In most cases, members shall be residents of the City of Menlo Park and at least 18 years of age.
- Current members of any other City commission/committee are disqualified for membership, unless the regulations for that advisory body permit concurrent membership. Commission/Committee members are strongly advised to serve out the entirety of the term of their current appointment before seeking appointment on another commission/committee.
- Commission/Committee members shall be permitted to retain membership while seeking any elective office. However, members shall not use the meetings, functions or activities of such bodies for purposes of campaigning for elective office.
- There shall be seven (7) members on each commission/committee.

Reappointments, resignations, removals

- Incumbents seeking a reappointment are required to complete and file an application with the city clerk by the application deadline. No person shall be reappointed to a commission/committee who has served on that same body for two consecutive terms; unless a period of one year has lapsed since the returning member last served on that commission/committee (the one-year period is flexible subject to City Council's discretion).
- Resignations must be submitted in writing to the city clerk, who will distribute copies to City Council and appropriate staff.
- The City Council may remove a member by a majority vote of the City Council without cause, notice or hearing.

Term of office

- Unless specified otherwise, the term of office for all commission/committees shall be four (4) years unless a resignation or a removal has taken place.
- If a person is appointed to fill an unexpired term and serves less than two years, that time will not be considered a full term. However, if a person is appointed to fill an unexpired term and serves two years or more, that time will be considered a full term.
- Terms are staggered to be overlapping four-year terms, so that all terms do not expire in any one year.
- If a member resigns before the end of their term, a replacement serves out the remainder of that term.

Vacancies

- Vacancies are created due to term expirations, resignations, removals or death.
- Vacancies are posted by the city clerk in the City Council Chambers bulletin board and on the city website.
- Whenever an unscheduled vacancy occurs in any commission/committee, a special vacancy notice shall be posted within 20 days after the vacancy occurs. Appointment shall not be made for at least 10 working days after posting of the notice (Government Code §54974).
- On or before December 31 of each year, an appointment list of all regular advisory commissions/committees of the City Council shall be prepared by the city clerk and posted in the City Council Chambers bulletin board and on the City's website. This list is also available to the public. (Government Code §54972, Maddy Act).

COMMISSIONS/COMMITTEES POLICIES AND PROCEDURES, ROLES AND RESPONSIBILITIES

City Council Policy #CC-23-004

Adopted June 27, 2023

Resolution No. 6840

Roles and Responsibilities

Complete Streets Commission

The Complete Streets Commission is charged primarily with advising the City Council on realizing the City's adopted goals for complete streets, vision zero, climate action plan, and provide input on major land use and development projects as it relates to transportation. The Complete Streets Commission's responsibilities include:

- To advance the goals of the city's newly adopted climate action plan by making alternatives to driving safer and more attractive
- Advise City Council on the implementation of the transportation master plan.
- Continue to advocate for and advise the City Council on planning and installing pedestrian and bicycle rail crossing and safe cycling/pedestrian infrastructure.
- Continue to support City Council in ongoing initiatives to improve access to Downtown and support downtown businesses.
- Continue to support the implementation of the Safe Routes to School strategy and advocate for community engagement, program continuity and engineering implementation.
- Continue to support City Council's role as a stakeholder with regard to regional multi-modal and transportation demand management programs projects to increase

Environmental Quality Commission

The Environmental Quality Commission is committed to helping the City of Menlo Park to be a leading sustainable city that inspires institutions and individuals and that is well positioned to manage present and future environmental impacts, including the grave threat of climate change. The Environmental Quality Commission is charged primarily with advising the City Council on matters involving climate change, environmental protection, and sustainability.. Specific focus areas include:

- Climate Action Plan - Advise and recommend on the implementation of the climate action plan.
- Climate Resilience and Adaptation - Ensure that our most vulnerable communities have a voice in policies and programs to protect their communities from environmental impacts.
- Urban Canopy - Leverage best practices to advise/recommend on the preservation of heritage trees, city trees and expansion of the urban canopy; and make determinations on appeals of heritage tree removal permits.
- Green and Sustainable Initiatives – Support sustainability initiatives, as needs arise, which may include city-led events, habitat protection, healthy ecology, environmental health protection, healthy air, surface water runoff quality, water conservation and waste reduction.

Finance and Audit Commission

The Finance and Audit Commission is charged primarily to support delivery of timely, clear and comprehensive reporting of the City's fiscal status to the community at large. Specific focus areas include:

- Review the process for periodic financial reporting to the City Council and the public, as needed
- Review financial audit and annual financial report with the City's external auditors
- Review of the resolution of prior year audit findings
- Review of the auditor selection process and scope, as needed

Housing Commission

The Housing Commission is charged primarily with advising the City Council on housing matters including housing supply and housing related problems. Specific focus areas include:

- Community attitudes about housing (range, distribution, racial, social-economic problems)
- Programs for evaluating, maintaining, and upgrading the distribution and quality of housing stock in the City
- Planning, implementing and evaluating City programs under the Housing and Community Development Act of 1974
- Review and recommend to the City Council regarding the Below Market Rate (BMR) program
- Initiate, review and recommend on housing policies and programs for the City
- Review and recommend on housing related impacts for environmental impact reports
- Review and recommend on State and regional housing issues
- Review and recommend on the Housing Element of the General Plan

COMMISSIONS/COMMITTEES POLICIES AND PROCEDURES, ROLES AND RESPONSIBILITIES

City Council Policy #CC-23-004

Adopted June 27, 2023

Resolution No. 6840

Library Commission

The Library Commission is charged primarily with advising the City Council on matters related to the maintenance and operation of the City’s libraries and library systems. Specific focus areas include:

- The scope and degree of library activities
- Maintenance and protection of City libraries
- Evaluation and improvement of library service
- Acquisition of library materials
- Coordination with other library systems and long range planning
- Literacy and ESL programs

Parks and Recreation Commission

The Parks and Recreation Commission is charged primarily with advising the City Council on matters related to City programs and facilities dedicated to recreation. Specific focus areas include:

- Those programs and facilities established primarily for the participation of and/or use by residents of the City, including adequacy and maintenance of such facilities as parks and playgrounds, recreation buildings, facilities and equipment
- Adequacy, operation and staffing of recreation programs
- Modification of existing programs and facilities to meet developing community needs
- Long range planning and regional coordination concerning park and recreational facilities

Planning Commission

The Planning Commission is organized according to State Statute.

- The Planning Commission reviews development proposals on public and private lands for compliance with the General Plan and Zoning Ordinance.
- The Commission reviews all development proposals requiring a use permit, architectural control, variance, minor subdivision and environmental review associated with these projects. The Commission is the final decision-making body for these applications, unless appealed to the City Council.
- The Commission serves as a recommending body to the City Council for major subdivisions, rezoning’s, conditional development permits, Zoning Ordinance amendments, General Plan amendments and the environmental reviews and Below Market Rate (BMR) Housing Agreements associated with those projects.
- The Commission works on special projects as assigned by the City Council.

Special Advisory Bodies

The City Council has the authority to create standing committees, task forces or subcommittees for the City, and from time to time, the City Council may appoint members to these groups. The number of persons and the individual appointee serving on each group may be changed at any time by the City Council. There are no designated terms for members of these groups; members are appointed by and serve at the pleasure of the City Council.

Any requests of city commissions or committees to create such ad hoc advisory bodies shall be submitted in writing to the city clerk for City Council consideration and approval.

STAFF REPORT

Parks and Recreation Commission

Meeting Date: 7/24/2024

Staff Report Number: PRC-2024-024

Regular Business: Belle Haven Community Campus operational updates

Recommendation

City staff recommends that the Parks and Recreation Commission (PRC) review and comment on this report containing Belle Haven Community Campus (BHCC) operational updates.

Policy Issues

The Parks and Recreation Commission advises the City Council on matters pertaining to the City's libraries.

Background

The City of Menlo Park and its partners constructed a new multiservice public facility at 100 Terminal Ave. in Menlo Park's Belle Haven neighborhood. The BHCC features 37,000 square feet of floor space on two levels and is the new home to five major community-serving programs: Belle Haven Library, Belle Haven Pool, Belle Haven Youth Center, Menlo Park Senior Center, and Onetta Harris Community Center. The BHCC is an all-electric, zero combustion, net zero energy project with on-site renewable energy generation, battery microgrid, and electric vehicle charging stations, and its structural design is resilient to serve as an emergency shelter. The new facility is owned and operated by City of Menlo Park. The BHCC grand opening was held May 18, and the first day of regular operations was May 20. Additional information and documentation related to the BHCC project are available on the project website ([Attachment A](#)).

Analysis

Grand opening celebration

A major community achievement was celebrated with the grand opening of the BHCC on May 20. The event drew approximately 2,000 attendees who commemorated the occasion with public speeches, a ribbon-cutting ceremony, self-guided tours of the new building, family-friendly activities, local entertainment, local food vendors and a community farmers market. Event attendees also received souvenirs and informational brochures about the new facility. Attendees were encouraged to walk or bike to the event, and a free shuttle service was provided by Meta to bring motorists from an off-site parking area.

Presentation – BHCC initial programs and services

BHCC program staff presented an overview of the BHCC's initial programs and services to a joint meeting of the Parks and Recreation Commission (PRC) and the Library Commission (LC) May 22. The staff presentation provided an overview of the multigenerational programs and services available to the public at the BHCC during the initial opening period starting May 20. The joint meeting was a hybrid meeting held in-person at the BHCC and via videoconference. The presentation slides and video are provided in Attachments B and C.

BHCC program statistics

The library and community services department (LCS) collects statistics related to department programs, including programs at BHCC. These data help to inform decision-making and improve services to the community. Statistics are reported to the PRC and LC on a monthly basis. A summary of selected program statistics related to BHCC programs from May to June is provided in Table 1.

Activity	Hyperlocal	Resident	Non-resident	Total
Recreation class enrollment	128	35	27	190
Senior Center class enrolment	117	24	61	202
Youth Center enrollment	28	2	16	46
Open/family swim	1,697	230	182	2,109
Lap swim	76	95	120	291

Hyperlocal residents are strongly represented in class enrollment. For recreation classes, 128 of 190 total enrollees were hyperlocal residents (67%). For senior center classes, 117 of 202 total enrollees were hyperlocal residents (58%). For youth center enrollment, 28 of 46 enrollees were hyperlocal residents (61%).

Hyperlocal residents are also strongly represented in Belle Haven Pool usage. For open/family swim, 1,697 of 2,109 open/family swim pool users were hyperlocal residents (80%). For lap swim, 76 of 291 total lap swim pool users were hyperlocal residents (26%), and 95 lap swim users were other Menlo Park residents (33%). For usage of Belle Haven Pool overall, 1,773 of 2,400 total pool users were hyperlocal residents (74%).

Additional detailed enrollment statistics related to BHCC programs from May – June are provided in Attachment D.

Juneteenth celebration (observed)

The BHCC hosted its second major public event with the City of Menlo Park’s Juneteenth Celebration (observed) June 15. The event had been held at Karl E. Clark Park in prior years. Approximately 300 attendees celebrated at BHCC and enjoyed cultural entertainment, live music, resource information, spoken word, local food vendors, and prize drawings. Public tributes to senior residents and video sessions to record their stories were among the event’s highlights.

Suggestion box comments and responses

LCS collects public feedback through physical suggestion boxes in public facilities and an electronic feedback form. All comments are reviewed by staff, and will receive a response if contact information is provided. Anonymous comments may not receive a direct response. Suggestions and responses are reported to the PRC and LC on a regular basis. A compilation of suggestion box comments received at BHCC is provided in Attachment E.

Building safety and security

The BHCC building is open seven days per week, year-round, except holidays. Staff are present at the front entrance to the building to monitor and receive building visitors during all open hours. Program spaces in the building beyond the front lobby are also staffed during all open hours for that program, including the library, senior center, and youth center. When those program spaces are not in session and unstaffed, the spaces are closed and kept secured behind locked doors. Staff assigned to BHCC are trained and

experienced at supervising the activities in public spaces, ensuring the safety and security for building staff, visitors, and property, including when and how to contact public safety (police, fire, etc.) for assistance. Staff utilize an incident report system to document and report any incidents that occur. Since opening May 20, two incidents have been documented at BHCC: one instance of athletic equipment gone missing and a false alarm due to an equipment malfunction with the elevator alarm. All access points to the BHCC building are monitored by external security cameras.

Senior Center "lunch and learn" informational program

BHCC program staff presented the first in a new series of senior center "lunch and learn" programs June 20. The purpose of the program series is to provide senior center visitors the opportunity to learn about programs and services available to them, ask questions, share ideas, and suggest topics for future lunch and learn sessions. The June 20 session was attended by approximately 65 people. Lunch was prepared by the nutrition services team, followed by introductions and an overview of senior programs by the BHCC program staff. Several seniors in attendance expressed their concerns about changes to familiar aspects that were present in the previous senior center facility. Staff provided responses and explanations in real-time in English and Spanish and also captured feedback in writing for additional follow-up in English and Spanish. A summary of the feedback is provided in Attachment F. The lunch and learn program series is planned to take place every other month on the third Thursday; the next program is tentatively planned Aug. 15.

Impact on City Resources

There are no impacts to City resources as a result of this informational report. The City of Menlo Park fiscal year 2024-25 operating budget has sufficient resources allocated to support the BHCC operations in the current fiscal year.

Environmental Review

This informational report is not a project within the meaning of the California Environmental Quality Act (CEQA) Guidelines §§15378 and 15061(b)(3) as it will not result in any direct or indirect physical change in the environment.

Public Notice

Public notification was achieved by posting the agenda, with the agenda items being listed, at least 72 hours prior to the meeting. In addition, the City sent electronic notices directly to project email and text update subscribers from the project page ([Attachment A](#)).

 BELLE HAVEN COMMUNITY CAMPUS – SUGGESTIONS AND RESPONSES
 MAY - JUNE, 2024

2024-05-18	I think that there should be a joint gym and pool membership instead of the two separately as an option.	Thank you for providing a comment in our suggestion box at BHCC regarding memberships. We will look into the opportunity of aligning membership between the general recreation/fitness programs and the pools though want to let you know that the general recreation/fitness programs are offered by the city and the pool programs are offered by a third party operator, Team Sheeper. The systems are similar but remain separate for that reason. We understand that this may be a bit cumbersome for our customers/community though appreciate your participation and support. Please let us know if you have further comments. Thank you! Best, Tricia
2024-05-18	Belle Haven basketball league	[No contact info.] A basketball league is being planned tentatively for Fall 2024 / Winter 2025. --Sean
2024-05-18	Adult Women's Volleyball classes	Thank you for the suggestion. I will ensure the staff at BHCC looks into this request. If you know anyone who might be interested in teaching a women's volleyball class, please have them contact me. Best, Rondell
2024-05-18	Language classes for non-senior adults	Thank you for the suggestion. I've forwarded your message to the recreation coordinator for consideration. Best, Rondell
2024-05-18	Thank you Meta! Please name something Onnetta Harris. Please bring back our community market. It was great way for the community to meet!	Thank you for your comment. We will consider your suggestion. Please let us know if you have any additional suggestions or requests. Best, Rondell
2024-05-18	It would be great to have pickleball court in the near future.	Thank you for your comment. There are four pickleball courts now available for public use at Kelly Park behind the athletic field, next door to Belle Haven Community Campus. Best, Rondell
2024-05-20	I don't drive and have no way to get to Belle Haven. Why did you move the classes? Why force old women to get into cars and then drive on a busy freeway to get to class?	Phone call: Commenter was appreciative of the call back. They have some concerns about transportation and the shuttle departure/arrival times being too far apart for her convenience because they have no other reliable method to get to BHCC. Overall, they displeased by the perceived lack of senior programming at the Burgess campus but is encouraged that the city is looking into all suggestions/concerns. --Tricia
2024-05-21	More shade in playground please. It will get so hot in the summer!	Called and spoke with commenter about this request. Advised that we are evaluating the possibility of installing shade options on the playground. --Rondell
2024-05-23	Put in a Starbucks upstairs	Thanks for submitting your suggestion. We aren't able to build a Starbucks or other coffee shop due to space limitations and other factors, but we're looking at other possibilities. Thanks, Rondell
2024-05-28	For weight room: Several mats people could lay on to do crunches. 1-2 benches that recline at an angle to do abs. 1 machine that people move their chest forward for crunches. 3-4 medicine balls of different weights including 6,8,10,12#. Thanks!	Thank you for the suggestion, we'll make sure staff looks into it. Best, Rondell

2024-06-03	The family bathroom and women's locker room (and prob men's locker room) need baby changing tables @ Belle Haven Comm Center.	Called and spoke with commenter about this request. Informed them where changing tables currently are located. Advised that we are evaluating the possibility of installing additional changing tables in the family restrooms and locker rooms. --Rondell
2024-06-03	We want ping pong table tennis class.	Thanks for the comment, we will evaluate for potential future classes. Best, Rondell
2024-06-03	Add cleaning disinfectant wipes to the gym! pls!	Thanks for the suggestion, good idea, will do! Best, Rondell
2024-06-03	I have been looking so forward to using one of the beautiful pools at the new senior center after my classes are finished. I was very disappointed to find out that for non resident, one visit will cost \$10. Unfortunately I , and most likely most of us seniors are unable to afford to pay so much. I wish that the charge for using the pool would be more reasonable. Thank you, sincerely	Thank you for your comment regarding the senior pricing for use of the pools at BHCC. There will be another review of aquatics fees this year through our master fee schedule process. We will take this into consideration during this review. Best, Tricia
2024-06-08	BHCC only has changing tables in the first floor men/women restroom and those are reserved for the childcare children during operating hours. Can we please add more or at least in the family restroom or locker rooms?	Thank you for your feedback card. I'd like to let you know that we have put in a request to add a changing table to the family restroom at the Belle Haven Community Campus. Also, In reference to the downstairs bathrooms, the community is able to use those but a priority is designated to the children enrolled in our after school program between the hours of 12p-6pm. However, if the children are not physically in the restroom, any member from the community may use it. Please let me know if you have any additional questions. Thanks so much. --Natalya
2024-06-10	For pool: Flags to facilitate backstroke. For dressing room: soap in showers, suit spinner, more benches, drain in floor.	We received your comment in the suggestion box at Belle Haven community campus pools. Thank you for your feedback regarding the pools and locker rooms. The backstroke flags have been ordered and are on their way. We are also sourcing additional benches for the locker rooms. I will look into the other items as stated in the comments. We appreciate your support. Best, Tricia
2024-06-13	Need more bench in the men's locker room. That 1 short bench is NOT ENOUGH	We received your comment in the suggestion box at Belle Haven community campus. Thank you for your feedback regarding the locker rooms. We are sourcing additional benches for the locker rooms. We appreciate your support. Best, Tricia
2024-06-24	A clock at the Belle Haven Pool	We received your comment in the suggestion box at Belle Haven community campus. Thank you for your feedback. We are sourcing a clock for the Belle Haven Pool. We appreciate your support. Best, Tricia

Senior Center “lunch and learn” informational program notes

BHCC program staff presented the first in a new series of senior center “lunch and learn” programs on June 20. The purpose of the program series is to provide senior center visitors the opportunity to learn about programs and services available to them, ask questions, share ideas, and suggest topics for future lunch and learn sessions. The lunch and learn program series is planned to take place every other month on the third Thursday; the next program is tentatively planned for Aug. 15.

Prior to the June 20 lunch and learn program, a group of seniors sent a letter to the Mayor and City Manager signed by approximately 100 residents expressing their concerns about changes to familiar aspects that were present in the previous senior center facility. The June 20 lunch and learn program provided an opportunity for a community conversation about the concerns.

The June 20 session was attended by approximately 65 people. Lunch was prepared by the nutrition services team and was followed by introductions and an overview of senior programs by BHCC program staff. Several seniors in attendance the opportunity to express their concerns and share suggestions about the facility and programs. Staff provided responses and explanations in real-time and also captured feedback in writing for additional follow-up. A summary of the feedback is provided below.

Space and amenities

- Concern about size of the space available for seniors
- Request to add second pool table
- Request to bring back the piano
- Concern about maneuverability around the pool table, safety of pool cues.
- Concern that outlets on the floor could pose a tripping hazard.

Supplies and furniture

- Requests for new pool cues, dominoes, other cards, supplies
- Request for sturdier chairs in dining room with a handle and higher seat
- Request to add clocks to all rooms with bigger numbers.

Programs and hours

- Comment that pool table used to be available until 4pm, now is only until 2pm.
- Request access to computers
- Request confirmation that special events will be restarted in the near future

Other concerns

- Comment that a three-story building was proposed, but only a two-story building was built.
- Comment that the seniors were promised that the new space would be exactly the same as the old one, but it is not the same.
- Request for transportation to/from East Palo Alto (at least for seniors that used to receive transportation, if not new members)
- Concern that the lunch and learn session wasn't recorded

BHCC program staff are compiling the feedback onto a follow-up board to be posted at the Senior Center in English and Spanish, along with responses and information to each feedback item.

STAFF REPORT

Parks and Recreation Commission

Meeting Date: 7/24/2024

Staff Report Number: PRC-2024-025

Informational Item: Library and Community Services department updates

Recommendation

City staff recommends that the Parks and Recreation Commission review this informational report about recent activities in the Library and Community Services department.

Policy Issues

As a duly appointed advisory body to the City Council, the Parks and Recreation Commission is charged with advising the City Council on matters related to the City's recreation programs and facilities.

Background

The Library and Community Services department (LCS) provides lifelong learning and recreational opportunities for Menlo Park residents of all ages, abilities, and lived experiences. Programs and facilities include public libraries, recreation and sports, early childhood education, after-school programs, summer youth camps, older adults (senior) services, athletic fields and courts, community events, and aquatics.

Analysis

June 2024 statistics

LCS collects statistics related to department activities. These data help to inform decision-making and improve services to the community. Statistics through June 2024 are provided in ([Attachment A](#)).

Suggestion box comments and responses

LCS collects public feedback through physical suggestion boxes in public facilities and an electronic feedback form. A compilation of comments is provided with this informational report. ([Attachment B](#)).

4th of July celebration and family swim day

The 4th of July parade and celebration was held at Burgess Park. The event began with a people parade down Burgess Dr. from Laurel St. to Alma Ave. The parade then marched into Burgess Park for a festival with food, games, family-friendly activities, and live entertainment. Approximately 1,500 people attended the parade and celebration. In addition, Burgess Pool and Belle Haven Pool offered \$4 per person family swim, which attracted hundreds of visitors. Partner sponsors West Bay Sanitary District and Menlo Swim and Sport generously provided support to the event.

Summer concerts in the park

The annual Summer Concert series began on July 10 with a live performance by popular local band Busta Groove at Fremont Park. The concerts are held once per week between July 10 and August 14.

Wednesday night concerts are at Fremont Park, and Friday night concerts are at Kelly Park. All concerts start at 6:00 p.m. ([Attachment C](#))

2024 Summer Olympics Opening Ceremonies, Viewing Party

On July 26, from 2:30 to 4:30 p.m., the Arrillaga Gymnastics Center will host a 2024 Summer Olympics Opening Ceremony Watch Party. Attendees will enjoy refreshments and community spirit while witnessing the ceremonies together. ([Attachment D](#))

Public Notice

Public notification was achieved by posting the agenda, with the agenda items being listed, at least 72 hours prior to the meeting.

1	2024-06-24	Menlo Park Library	This library is so cute and the perfect size.	[No contact info.]
2	2024-06-24	Menlo Park Library	Bigger! toilet space, 2nd toilet in restroom	[No contact info.]
3	2024-06-13	Belle Haven Community Campus	-More education/information regarding the Brown Bag program. -Thursday was my first visit to the Brown Bag program. It was a wonderful experience. I liked the organization, and appreciated the assistance in taking the boxes to the car. -The staff was kind and patient with the participants. Thank you everyone.	[No contact info.]
4	2024-06-24	Burgess Pool	You should have more locker rooms.	[No contact info.]
5	2024-06-24	Belle Haven Community Campus-Pool	A clock at the Belle Haven Pool	[No contact info.]
6	2024-06-24	Menlo Park Library	Lots of kids could use more toilet space. Make the second toilet in women's bigger!	[No contact info.]
7	2024-06-24	Menlo Park Library	More Electric Vehicle (EV) chargers would be awesome! As someone in Menlo Park without access to a home charger (I rent), these public EV charges are so incredibly helpful especially at the affordable KWH rate. However, most of the time I try to use the chargers, they are occupied. With more EV chargers, we would do our part to help the planet and attract more patrons to this awesome library! Thank you! :)	[No contact info.]
8	2024-06-24	Menlo Park Library	Finally! Make the woman's second toilet bigger!!	[No contact info.]
9	2024-02-17	Menlo Park Library	A patron suggested that we have a "new" section for books on cd.	[No contact info.] - we order few enough books on CD that this is not warranted.
10	2024-06-24	Menlo Park Library	Putting a new door on the smaller restroom (women) would extend the toilet area bigger, more space, more comfort	[No contact info.]
11	2024-04-22	Menlo Park Library	Please, more things for old people (like me).	[No contact info.]
12	2024-06-17	Menlo Park Library	Ladies Restroom: Pls extend the smaller toilet area to the wall, to make it available for disabled, having two wide toilet area. Does not cost much.	[No contact info.] Restroom layout requires open space to allow for wheelchair turning radius. That space looks unsued but it is necessary to remain ADA compliant.

13	2024-06-17	Menlo Park Library	Hello! If you like fantasy books like me, I definitely recommend the Wings of Fire series! -A 10 yro lol.	[No contact info.] Thank you for your input! We love hearing what our readers like to read. Please keep the suggestions coming!
14	2024-04-22	Menlo Park Library	Aside from the books, this place can no longer be considered a library. The staff you have are far too loud: even with earplugs inserted I can scarcely hear myself think. Many patrons follow this lamentable example, talking without any consideration for people in the library every time I visit for its intended purpose. If this is what you intend the library to be, i.e. a place for people to do everything besides read quietly, you have certainly achieved your goal.	[no contact info] - our library is a place for the community to gather and connect with information, entertainment, and lifelong learning. Sometimes, this is accomplished by discussing, teaching, and playing in the space. Due to the space constraints of our building, we are unable to offer quiet reading areas, but we do offer free headphones and earplugs at our desks.
15	2024-02-26	Online	Love the classes offered at the recreation center, it's what keeps us coming back for more! My family has been participating in classes offered at the recreation center for many years now (almost 2 decades!) and have always been very happy. The connections we've made with the instructors will always have a special place in our hearts and we will continue to speak highly of them to everyone we meet. Unfortunately, the customer service of the city staff in the building is nothing to write home about and has been going downhill for many years - unenthusiastic, unhelpful and unfriendly. Again, we are so thankful for the wonderful instructors who are genuinely the ones keeping the spark alive! They are fostering a sense of community, and we thank them for all they do! They have inspired so many.	[No contact info.]
16	2024-02-20	Burgess Pool	Open the baby pool year round. 90 min. Sunday something w/o	[No contact info.]
17	2024-06-24	Menlo Park Library	Head Librarian, Thank you for returning the library to a place where we can study!	[No contact info.]
18	2024-02-07	Arrillaga Family Gymnasium	No more weather signs on the field	[No contact info.]
19	2024-02-07	Menlo Park Library	Please open the library weekdays during morning hours. For some of us this is our only "office" space!	[No contact info.] not possible with current staffing.
20	2024-02-07	Arrillaga Family Gymnasium	No more signs on the field	[No contact info.]
21	2024-02-07	Burgess Pool	The pathway between the parking lot and the lobby of the pool is extremely dark at night. It seems like there should be lights on the building or along the walkway	[No contact info.] A cartegraph will be entered for this item.
22	2024-02-07	Burgess Pool	Not enough time for open swim with family and lap hours in summer are not enough in weekdays and weekends. More programs in the heated pool, youth practices (DASA) or (PASA) in heated pool during winter	[No contact info.]

23	2024-02-20	Arrillaga Recreation Center	Dance Expressions classes are amazin! Thank you for offering quality dance classes for our community! We will keep coming back for more. Thank you!	[No contact info.]
24	2024-02-20	Menlo Park Library	Please offer foot massage while reading books. Thanks for considering!	[No contact info.] not possible with current staffing.
25	2024-02-20	Arrillaga Recreation Center	I love Dance Expressions! My daugter has been taking their classes since she was a 3rd grade and she adores them. The teachers are the best and treat everyone with so much kindness and have so much patience! I recommend everyone to have their kids dance here. The classes are so fun and engaging! My daughter and I love the community they have created! Keep up the great work Dance Expressions!	[No contact info.]
26	2024-01-12	Menlo Park Library	Would love to see book reviews or children's work displayed in the library. (I have seen this done in a few other libraries, like Fremont main library). Encourages reading and writing skills from kids. Thank you!	Thank you for suggesting that we provide book reviews or “shelf talkers” created by children. What a great idea! I am going to bring it to our weekly staff meeting. We do actually have shelf talkers from our Teen Advisory Group in the Teen Zone; it takes a little bit more structured programming time to set something like this up for smaller kids, but we’ll certainly look into it! Sincerely, Rose
27	2024-01-12	Menlo Park Library	So happy M. something 3rd book checked out: we are doing at Little House tomorrow face to face. I'd love face to face group on authors: Eric Larson, Tracy Chevalier, Malcolm Gladwell, Michael Lewis	Called patron - no answer - left a message thanking her for her feedback.
28	2024-01-19	Arrillaga Recreation Center	I am so happy to join the new sessions of MP offered Banyan tree classes. Thank you. The classes are fun and achieve strengthens your body and spirits. Please continue with more Banyan tree classes. Happy New Year!	Thank you for entering a comment into the comment box at the Arrillaga Family Recreation Center. It is great to hear that you continue to enjoy the Banyan Tree classes. Enjoy the winter classes. Best, Tricia
29	2024-01-17	Menlo Park Library	Get food! (like chips and stuff) pleaseee	In order to keep our library clean and clear of vermin, eating and drinking (except for covered beverages, in designated areas, and as provided for library sponsored events) are not permitted in the library. Providing food would be counterintuitive to this. However, should you be peckish outside of the Library, there are vending machines at the Arrillaga Family Recreation Center.
30	2024-01-17	Belle Haven Community Campus - Seniors	Hello, I am a participant of the Senior Center! Congratulations for the excellent [staff name] and her great assistant [staff name]! Last week I went to see the construction site of the Center on Terminal Ave. I do not have a degree in architecture, but I do have a lot of experience and knowledge. Errors: 1-Lack of emergency exit to open field	[no contact info provided]

			behind the building. 2-More space is needed in front for access to shuttle buses. Thank you for your attention!	
31	2024-01-14	Menlo Park Library	Please install desktop computers	[No contact info] Thank you for your feedback - desktop computers are available at our Belle Haven Library. Laptops are available for checkout at the Main Library.
32	2024-01-22	Arrillaga Recreation Center	We are all very happy with [instructor name]'s Int. Spanish class that we have attended for years. Please continue to offer this class!	[no contact info provided]
33	2024-01-22	Arrillaga Recreation Center	El clase de Espanola con maestro [instructor name] es muy excelente!	[no contact info provided]
34	2024-01-17	Burgess Pool	Make sure that there are available bathrooms to the public, namely the toilets between the baseball diamonds should be open, but I often find it closed most days of the week.	[no contact info provided]

36	2024-01-19	Online	I am looking to donate old ceramics for arts & crafts projects. I have old coffee mugs, bowls and other ceramic items. Are there any activities instructors who would like them, for example in a mosaics class? I live in The Willows neighborhood and am happy to deliver the items wherever needed. Please feel free to forward this message as appropriate. Thank you!	We received a message on our Library and Community Services feedback submittal. Thank you so much for your generous offer to donate ceramics. We checked with our Contract Instructors and there is not a need for these items at this time. If we find that there is a need in the future we will reach back out to you to let you know. Thanks again! Best, Tricia
37	2024-01-22	Arrillaga Recreation Center	Intermediate Spanish Mondays at 10am- love the class- please keep; dont change, thank you.	Thank you for your message in our suggestion box. I'm glad the class is working for you and everyone else. I am working with [staff name] (Recreation Coordinator) to establish a long-term class at the center. As we work through details and planning, we'll keep all of our users informed on the progress. Your feedback is highly appreciated. Best, Rondell
38	2024-01-22	Arrillaga Recreation Center	I've been taking Spanish from [instructor name] for years and am now in intermediate class. Having family from Mexico for 25 years, this class has been wonderful! No pressure, but joyous! love [instructor name]!	I appreciate your suggestion submission. I'm glad to hear that our senior Spanish class is working for you. Your positive feedback about the instructor will be conveyed to him. Best, Rondell
39	2024-01-22	Arrillaga Recreation Center	Thank you for continuing to offer intermediate Spanish for Seniors with [instructor name]. I would like for it to continue in the future, as our abilities to communicate is really improving.	Thank you for submitting your suggestion. It's fantastic to know that [instructor name]'s teaching has helped improve your abilities to communicate in Spanish. Staff will continue to work on establishing a long-term alternative for senior programming at the

				ARC. Best, Rondell
40	2024-01-17	Arrillaga Family Gymnasium	Shades for windows so we can see in the AM. Thanks!	[Called. No answer.]
41	2024-01-18	Menlo Park Library	I really really miss the Library app!! I'm sad to no longer be able to manage my account & place holds with the convenience of an app. I look forward to new one soon, thanks.	Thank you for letting us know that you would appreciate a new app. The Peninsula Library System is currently in the process of completing a Request for Proposals for a new app from various vendors. This is a legally necessary process for investments over a certain price point, and it can take some time, but please rest assured that the process is underway and proceeding with all possible alacrity. In the meantime, the web browser format of our catalog website, menlopark.bibliocommons.com, does actually scale pretty well for smartphones, and you ought to be able to manage your account that way. I'd be most happy to show you how, if you'd like. Thank you for your patience with this. Sincerely, Rose
42	2024-02-02	Arrillaga Recreation Center	I want to compliment [staff name] for all that she does. She is good at bringing the community together with her wonderful programs and the daily food program. She is a great value to Menlo Park.	I tried calling but got no answer and was unable to leave a message. -- Rondell
43	2024-02-05	Arrillaga Recreation Center	Please keep [instructor name]'s sit and fit class Mondays at this location	I called and thanked Ms. S. for her suggestion. She mentioned the class is great and she enjoys it. She says that she has to get a ride from her granddaughter to attend. Looking into transportation for her for the new facility is something I'll discuss with staff. --Rondell
44	2024-02-21	Online	I just wanted to take a moment to thank you for running the Arrillaga gym and youth basketball program for local school teams. This program has meant the world to my daughter, and the staff at Arrillaga has been so wonderful. We are very grateful for the many referees and city employees who help run this program. It has so many unseen benefits, and as both parent and local educator, I just wanted to take time to say a big thank you	Thank you so much for your thoughtful email. I'm glad to hear about the positive impact that the youth basketball program has had on your daughter and your community. I appreciate you taking the time to express your gratitude. Thank you for your kind words and for being a part of our community. Best, Rondell
45	2024-02-02	Arrillaga Recreation Center	I appreciate this program and efforts of all the staff especially [staff name]'s care and love for the senior community. Thanks.	[No contact info]
46	2024-02-09	Arrillaga Recreation Center	I attended [instructor name]'s class today and really liked it. I am very much a beginner and it was challenging for me, but	We received your comment card regarding [instructor name]'s class. We are happy to hear that you are comfortable in the

Where can I find the list of classes for the Spring?? Thank you.	Thanks for your message. Sorry for any confusion about the class registration announcement. The announcement was intended to be a save-the-date. The spring catalog is not available yet, but it will be posted to the website before registration opens. Thanks again for your feedback. 49	2024-02-26	Online	I reported an accident at the town hall my 5 year old grandson had at Burgess Park Swimming pool June 19th 2023. My daughter intends to use your pool again this summer. I am totally against this as he fell because of uneven paving around the pool and rusty cut bolts protruding from it! I haven't sued because I believe in second chances. Here is the second chance for Burgess park pool : re pave with SLIP-PROOF material around the pool and remove all the bolts, holes and uneven paving! I am returning to stay with my daughter and I reiterate I am concerned for the safety off ALL the children who frequent this pool	Thank you for your message about Burgess Pool. We appreciate that you took the time to reach out to us. Please allow me to electronically introduce you to Tricia Mullan, who is the city's supervisor and liaison to the Burgess Pool operator. I believe that Tricia reached out to you shortly after you reported your concerns at City Hall back in July, 2023. Tricia is out of the office this week, but she will be back on Monday, and I'm sure that she would be happy to talk with you by phone or in person to hear more. Tricia is copied on this email, and her phone number is 650-330-2225. She'll be in touch with you next week. I hope this is helpful. Thanks again for contacting us. Please don't hesitate to let me know if I can be of further assistance. Sincerely, Sean

52	2024-02-21	Online	Hello, I attended the story hour at the Menlo Park Library with my 17 month old last Friday, February 16th. I was disappointed in the level of engagement and effort from the story teller. She read a long book (too long for the ages of the kids) and sang the itsy bitsy spider. There was minimal effort, and it was not engaging for young kids. The reader was wearing a mask and had a red line several feet away from her that you could not cross. It felt like this was not a welcoming event for kids... Chairs were set up 10 feet from the story teller. You could not hear her or see the pictures. My child and several others wandered over to the kids' section of the library instead. Many of the moms there were very disappointed in story hour and were talking about how different it is from other story hours in the area. Even the older kids could not sit and listen. This story hour is in contrast to the one in Palo Alto, Portola Valley, Woodside etc. We have attended story hours there. Those ones have scarves, instruments that go with the songs, shorter books where the reader does movements with the kids. Can you send the story teller to one of these to see how much more fun and engaging they are? Or have someone do a professional development on this? For how much we pay in taxes living in Menlo Park, I would hope that the library services for kids are more engaging. Thank you for listening and for your action regarding this topic.	Thank you for your feedback regarding our storytimes. Here at Menlo Park we offer “family storytime” – e.g. a storytime that is available to families with children of multiple ages, which ideally cultivates the principles of early literacy – connecting concepts with spoken words and spoken words with written words. We do specialize in simple storytimes of two books surrounded with a number of songs, and each of our storytimers has a different style. It sounds like you’re looking for something more like a baby storytime, or circle time. We do not currently have the capacity to provide a regular storytime that’s just for the under-2s at the moment, but I will make a note that you would like to see a storytime for little kids that is more prop- and song- focused, and we will endeavor to offer such programming in the future. Sincerely, Rose

The only good news is we did not see him injured or cause and accident. We were eating at the Thai restaurant across from the Menlo Park train station, upon leaving he was riding this motorized bike on the side walk far too quickly, again he has no respect for the pedestrians. 78	2024-04-22	Menlo Park Library	Head Librarian: In the meantime, the library can help the community achieve academia Excellence!! When the library is remodeled, PLEASE set aside in the design a separate area for community activities, flea markets, singing, community meetings, and presentations. Please design also for those who use the library as their ONE place for quiet acquisition of knowledge and exam preparation. Home if often filled with noise, and the unrelenting requests to do things for others. Why not let the library return to its original purpose and sound volume? Part 2: Now we have been run out of the Senior Annex so the flea market people can decide how successful the flea market was earlier this morning. Is it possible for such activities to be held in the community center next door?	Working hard to balance the needs of all of our users is something we are constantly doing. The Senior Annex space has been used over the past two years to support displaced programs from our Belle Haven neighborhood. There are times and spaces in the library that are better for quiet study and reading, and there are times when areas of the library get quite active with events for kids, teens, or adults - ask at the help desk for assistance in finding quieter spots (or for noise mitigating devices if you would like) Best, Nick
79	2024-04-22	Online	In the gymnastics center the toilets haven't worked properly since pre pandemic. A couple never auto flush. Others only occasionally. The children (and others) don't care and I regularly have to use disgusting toilets that haven't been flushed. As you know, a flushing toilet sprays which exposes me to others' germs when forced to do this. Given the cost of classes, the assumption that there is a maintenance budget why are the toilets broken. Yes, I have reported it to staff. Yes, others have told me that they have reported it. So now it is in writing. Giving the jump in cost & fees with the cutting of classes the least we could get are sanitary facilities.	Thank you for submitting your feedback regarding the toilets in the gymnastics center restrooms. The restrooms are cleaned nightly and inspected and cleaned as needed during the day. Upon receiving your message, maintenance staff checked all the toilets in both restrooms. All the toilets are operating properly. They are on sensor which flushes about five seconds after use. In some cases, its possible the sensor isn't triggered. This may have caused the issue you experienced. We will continue to monitor the toilets in the gymnastics center restrooms, thanks for bringing this to our attention. Have a nice weekend, Brian

83	2024-05-19	Online	Hi -- Two things to offer: The space in front of former Le Boulenger is foul smelling of urine and feces -- can't miss it. A good power wash in front of where those spend the night and stash debris would be advised. I see morning leaf blowing directly adjacent to those sleeping -- can't be ignored. The traffic flow at the intersection of Ravenswood at Middlefield flowing right on Middlefield to Ringwood is awkward and abundant. Turning right onto Middlefield then moving toward the left turn lane onto Ringwood backs up. There is a wide double yellow line bubble with a sign in the middle of it on Middlefield which could be reduced in length so left turning traffic could stack up there rather than in the left straight flow lane.	Thank you for your suggestions. We have relayed them to the correct City department (public works) for follow up. Tip: You can use the ACT Menlo Park app or website to report street or sidewalk issues, illegal dumping, parks and playground issues, trees, water leaks and much more. ACT Menlo Park will automatically route your request to the right person. You can track progress on the request through the app. https://menlopark.gov/Services/ACT-Menlo-Park Best regards, Sean
84	2024-05-20	Menlo Park Library	Please replace the worn out electrical receptacles under tables. They're no use at all!	I have asked Public Works to check the floor outlets after a previous complaint - they are working. Some of the outlets require a little "oompf" to get the plug seated securely. Some others have a sliding cover

				that needs to be pulled back before a plug can be plugged in. It's possible that this customer had an issue with one of those plugs. Best, Nick
85	2024-05-14	Online	Thank you for removing the wheel from the bike racks. I would mention that the bike without a seat has been abandoned there for several weeks. There is also a black child's Fuji mountain bike with a helmet attached in front of the Recreation Center which has literally been there for over three months now.	Thanks for taking the time to write to us and for reporting the abandoned bikes. I have submitted a couple of tickets to have the bikes tagged by PD as abandoned property (there is a 72 hour waiting period) in preparation for having them removed. If you are out and about, you can submit requests through the ACT Menlo Park app (available in the app stores) and skip the middle man. Sometimes in the app they don't have the category that exactly corresponds to my issues, but you can figure it out. You can also call the PD non-emergency line to report abandoned property (like bikes) 650-330-6317. The requests are in for both of these abandoned bikes. Kind regards, Nick
86	2024-05-20	Menlo Park Library	The " I am not a robot" feature should not be difficult to do. It needs to be fixed.	Thanks for taking the time to write to us. You are right that the "I am not a robot" check for the WiFi sign on will sometimes cycle through screen after screen of "pick all the crosswalks" things. It's not supposed to do that, of course. I will let our IT team know that it is happening again, and that they should contact the Captcha folks to fix it. BTW I have noticed that when it is being sassy it is possible to just close the Captcha window and then go on your way without picking any of the correct objects. Kind Regards, Nick

117	2024-06-10	Online	My husband and I have been coming to Menlo Park Burgess Swimming Pool since we moved here in 2017. The place is well-kept and delightful. We love it and have recommended it to our fellow retirees. In addition to being well-run and maintained, we have noticed an underlying gentleness and kindness that the new manager, Kathy Miller contributes to the place. There is a joy in working there that is reflected by the delightful receptionists, an appreciation for her style of management, and certainly, an outpouring for charity. Congratulations Ms Miller for making a very good facility, extraordinary.	Your compliment to the Menlo Swim and Sport operations and staff was received. I will share this feedback with Tim Sheeper to share with the Menlo Swim and Sport staff. Thank you, again! Best, Tricia
118	2024-06-10	Belle Haven Community Campus-Pool	For pool: Flags to facilitate backstroke. For dressing room: soap in showers, suit spinner, more benches, drain in floor.	We received your comment in the suggestion box at Belle Haven community campus pools. Thank you for your feedback regarding the pools and locker rooms. The backstroke flags have been ordered and are on their way. We are also sourcing additional benches for the locker rooms. I will look into the other items as stated in the comments. We appreciate your support. Best, Tricia

119	2024-06-08	Belle Haven Community Campus	BHCC only has changing tables in the first floor men/women restroom and those are reserved for the childcare children during operating hours. Can we please add more or at least in the family restroom or locker rooms?	Thank you for your feedback card. I'd like to let you know that we have put in a request to add a changing table to the family restroom at the Belle Haven Community Campus. Also, In reference to the downstairs bathrooms, the community is able to use those but a priority is designated to the children enrolled in our after school program between the hours of 12p-6pm. However, if the children are not physically in the restroom, any member from the community may use it. Please let me know if you have any additional questions. Thanks so much.
120	2024-05-20	Arrillaga Recreation Center	I don't drive and have no way to get to Belle Haven. Why did you move the classes? Why force old women to get into cars and them drive on a busy freeway to get to class?	Phone call: H. was very appreciative of the call back. She has some concerns about transportation and the shuttle departure/arrival times being too far apart for her convenience because she has no other reliable method to get to BHCC. Overall, she is displeased by the lack of senior programming on this side of Menlo Park but is encouraged that the city is looking into all suggestions/concerns.
121	2024-05-11	Menlo Park Library	Please return senior programs to this location. Current yoga, etc. cancelled to move to Belle Haven, which is not convenient for many seniors. Shuttles not reliable to make loss times or return guarantee.	Phone call: She expressed how much she thought Arrillaga was the perfect location for the senior center based on her situation. Believed that it was a possibility that the senior center was moved due to her/participants actions, but I clarified that Arrillaga had only been the temporary home to the senior center while construction of the BHCC was ongoing. This helped alleviate some concerns. She still would like to see some movement based programming for older adults offered on this side of Menlo Park. Overall, she appreciates the follow up and hopes we can accommodate the senior population in this community.
122	2024-06-09	Menlo Park Library	I don't understand why the library planted non-native. Our natives are adapted to be drought tolerant and many have lovely flowers and foliage.	Thanks for taking the time to write to us about the new tree planting out in front of the library. The selection of the trees to replace the dying oak was not made by the library team, but by the Parks team from Public Works in consultation with our City Arborist. The City has a list of trees that they use to replace heritage trees – the tree replacement process is governed by City code. I hope that information is useful. Kind regards, Nick

123	2024-07-02	Belle Haven Community Campus	<p>I am trying to reach the Onetta Harris community center via phone and wasn't able to. The Belle Haven community campus phone line has a menu option (5), but it is not recognized by the system and does not redirect me. The other phone number on the website also doesn't call through. I would like to learn more about this facility, so I would appreciate if I can speak to someone!</p>	<p>Thank you for submitting feedback regarding the phone lines. We have contacted our IT department, and they have resolved the issue. In the future, please use our direct line at 650-300-2258. My name is Da'Shawn, and I am the Recreation Coordinator for the Onetta Harris Community Center. You mentioned that you would like to learn more about our facility. I am happy to provide you with a brief overview.</p> <p>The Belle Haven Community Campus is a multi-generational facility that consolidates five previously separate buildings into one brand-new facility:</p> <p>Belle Haven Youth Center: Offers after-school and summer camps for youth in kindergarten through 5th grade.</p> <p>Menlo Park Senior Center: Provides free classes, nutritious lunches, and free produce on the 2nd and 4th Thursday of each month for our 60+ community.</p> <p>Belle Haven Children's Library & All Ages Library: A comprehensive library collection catering to all age groups.</p> <p>Belle Haven Community Pool: Offers swim lessons, open swim, and lap swim.</p> <p>Onetta Harris Community Center: Offers youth and adult recreation classes, drop-in basketball, volleyball, and a fitness center (gym). Spaces for rent will be available in the Fall.</p> <p>Attached, you will find our activity packet listing our youth, adult, and seniors class offerings for the summer session.</p> <p>Please feel free to reach out if you have any questions.</p> <p>Thank you, Da'Shawn</p>
