

Candidate Statement – Jennifer Wise – Estate Planning Attorney

I am a proud Peninsula native who grew up exploring our parks and walking our downtown streets. Those early experiences shaped my love for our community and my commitment to keeping it vibrant and welcoming. I'm running for City Council because I care deeply about Menlo Park's future.

I want to preserve what makes our city special while addressing the challenges we face. Whether it's revitalizing downtown to bring new energy and opportunities, safeguarding our beautiful parks, or ensuring our streets are safe for children, bikes, pedestrians, and cars alike, I'm committed to making a positive impact.

As an estate planning attorney with a background in public service, I understand how important a home value is to every family. This is why I am committed to supporting our schools so we stay an attractive and welcoming place for young families, while maintaining home values for established families.

I'm excited about the chance to serve you and work together to keep Menlo Park a place we are all proud to call home. I'd love to hear from you – feel free to reach out to me at JenniferMenloPark.com. Let's make a difference together.
