

THE FUTURE OF DOWNTOWN MENLO PARK

Learn about potential development
on Parking Plazas 1, 2 and 3.

At an upcoming City Council meeting, the City Council will continue to review and discuss the release of a request for qualifications (RFQ) for the potential redevelopment of Parking Plazas 1, 2 and/or 3. The RFQ seeks interest from developers who could provide affordable housing and replacement public parking to meet the City's housing needs. Future development could also include complementary uses like market rate housing, retail and open space.
