## Searching for a Book:

Tap the “**Search**” icon at the bottom of the home screen.

Then type a title, author, or other search term into the **search bar** at the top of your screen

Use the “**All**” tab to browse by genre or subject, or the “**Featured**” tab to browse curated lists and new titles.

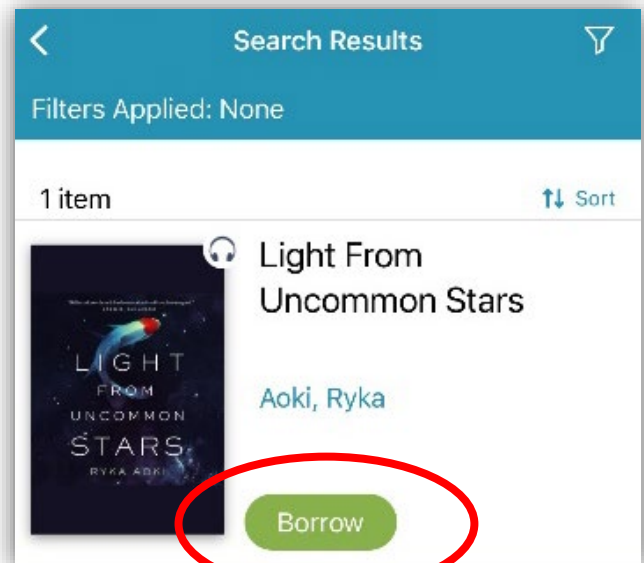

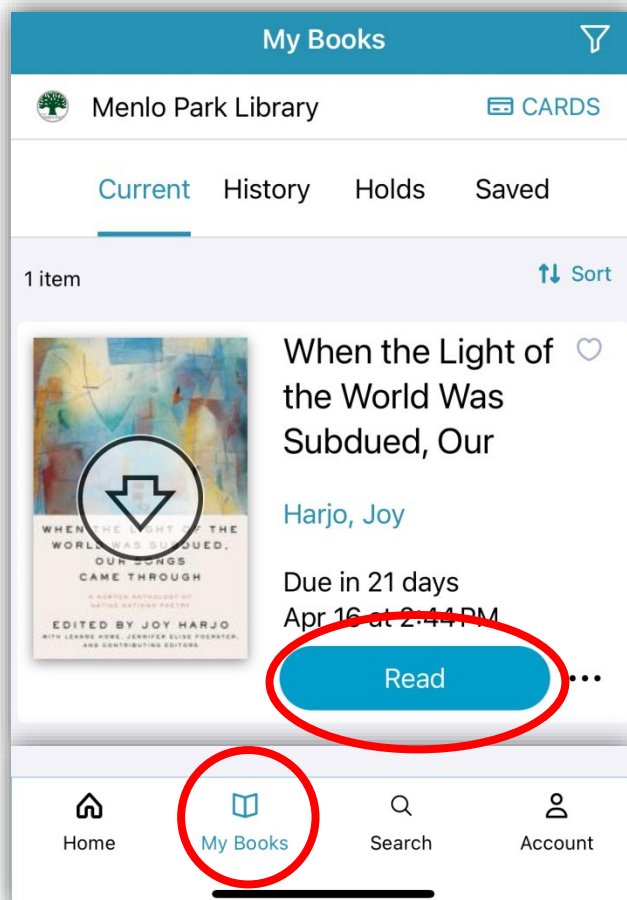

Tap the “[category] <” button (“ADULT/FICTION <” below) to change your search category, or tap the **star icon** to favorite a genre.

## Borrowing and Reading:

When you tap on the cover of a book, you will enter the “Book Details” page. There, you can see whether the book is available to borrow by pressing the green “**Borrow**” button or whether it is currently checked out, and can be placed on hold by pressing the blue “**Hold**” button. Either way, you can keep tabs on a book by pressing the orange “**Save for Later**” button.

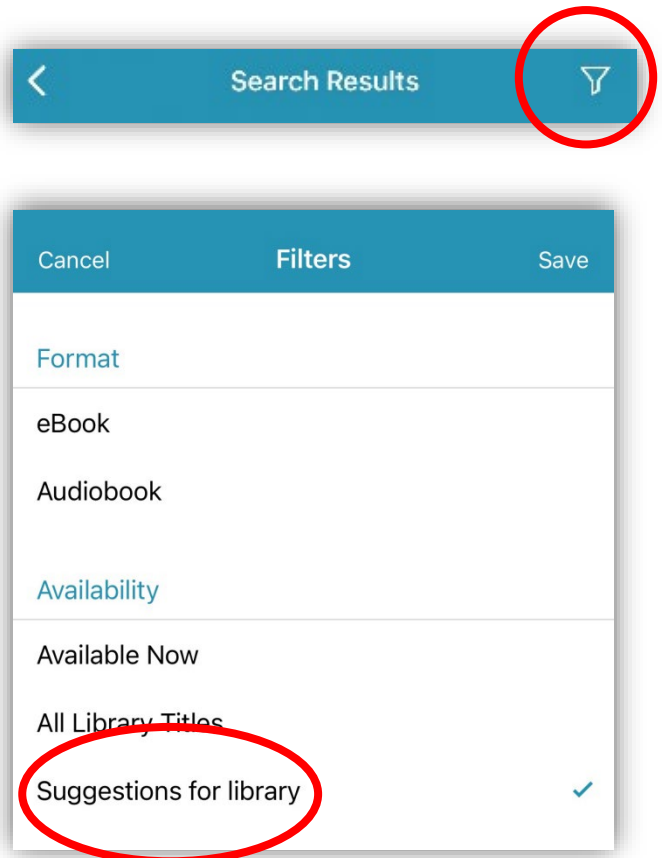

Tap the “**My Books**” icon on the home screen to see what books you have checked out, on hold, or saved for later. From this screen, you can tap “**Read**” to begin your eBook!

## Suggest a Book:

You can suggest titles that you would like the library to purchase directly in the CloudLibrary app.

While browsing or searching, tap the **filter icon** to adjust your search preferences. Here you can tap the **“Suggestions for library”** option, so your searches will bring up items not owned by your library. When you find a book you want to suggest for purchase, you can tap the yellow **“Suggest”** button to do so.

## Add Another Card:

Tap the **"Cards"** button on the top right of the CloudLibrary home page.

Tap the **"+ Add New"** button on the following page to add another library card. Tap **"Options"** or the arrow by the card in order to edit the card's name, remove a card, or make a deselected card the active card by pressing **"Use Card."** The card displayed at the top is the active account.
