cloudLibrary
eBooks & eAudiobooks on iOS & Android

Install the free cloudLibrary app from the App Store or Google Play

1. Open the cloudLibrary app and tap through the welcome message.

2. Select US, California, and then **Menlo Park Library** from the drop-down menus.

> ### Select your Country, State and Library
>
> United States
>
> California
>
> Menlo Park Library

3. Accept the Terms & Conditions.

> ← **Card Information**
>
> Library Card ID

4. Enter your full library card number with no spaces.

You're done with setup!

Search for a book

Tap the **Search** icon at the bottom of the home screen

Search for a specific title, author, or series by typing it into the search bar at the top of the screen.

The Featured tab shows newly published titles and librarian-curated reading lists.

Use the All tab to browse books by genre or subject.

Tap here to change what genre or subject you're browsing.

Hit the star to label a genre as your Favorite. It will then show up in the Favorites tab.

Audiobooks have a headphone icon.

Borrow and Read/Listen

Tap on a book cover to view its Details page.

If the book is available to borrow, there will be a green "Borrow" button.

If it is currently checked out, you will instead see a blue "Hold" button.
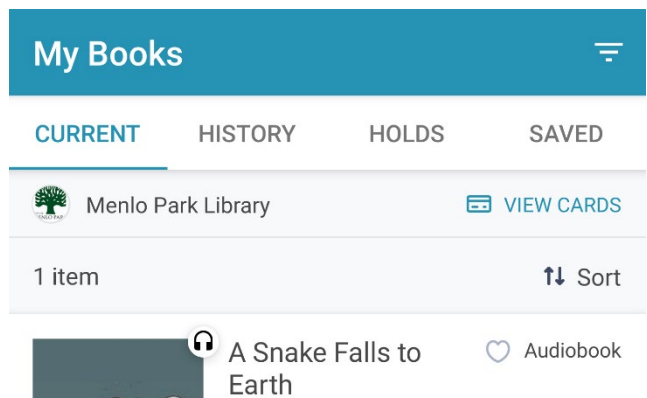

You can also hit "Save for later" to save this book to your to-read list in the app.

Use the **My Books** icon on the home screen to view books you have checked out, on hold, or saved for later.
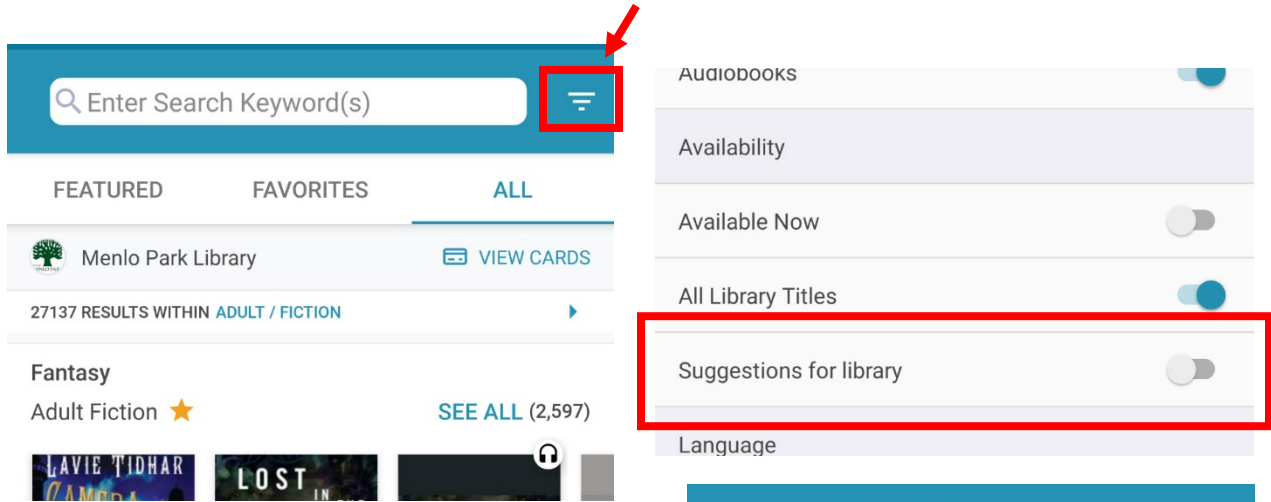

Suggest a book to the library

You can suggest titles that you would like the library to purchase directly in the cloudLibrary app.

While browsing or searching, set your filters to view "Suggestions for library".

Search or browse until you find a title you're interested in.

On the Book Details screen you'll see an orange "Suggest" button, instead of the usual "Borrow" or "Hold" options.
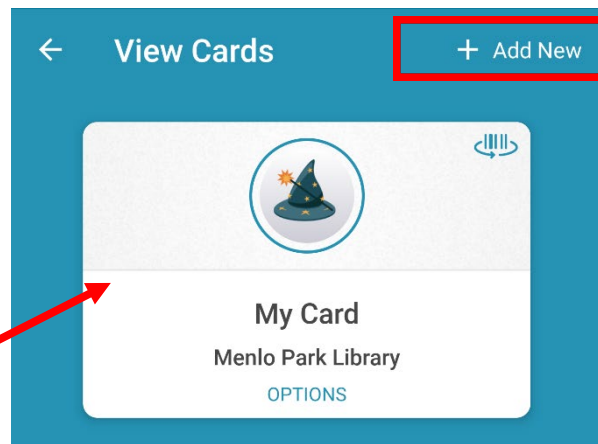

Add a second library card

1. Tap **View Cards** on the cloudLibrary home page

2. Tap **+ Add New**

3. Go through the setup process again by selecting country, state, and library, and then enter the second card number

4. Go back to the View Cards screen. The card at the top is the active account

5. Switch between cards by tapping the 3 dots beside the card and select "Use Card"

6. Tap Edit to give your cards unique names to easily tell them apart. In this screenshot we've named the cards "My Card" and "My Kid's Card"
