

SELECT PARKLET DESIGN COMPONENTS

Each of the Parklet templates can be constructed with a series of components of a variety of materials to ensure quality design and an enhancement of the public realm. The applicant shall select one or more of the appropriate features from the Required Design Components, below, and then select additional, Optional Design Components. The design should be compatible with the façade of the adjacent building/restaurant. The applicant may propose to use an alternative material that may be approved upon review by City staff.
